

Sector Analysis

Precast Concrete Market Romania 2009 – 2020

7th Edition | September 2014

InterBiz | research & consulting improved and updated the sector analysis “Precast Concrete Market, Romania, 2009 – 2020”. The analysis enclose two large sub-sectors:

- precast concrete (building structures, infrastructure elements, concrete pipes, OL concrete poles, railway sleepers, pavement systems, concrete roofing tiles, others)
- admixtures for precast concrete

This sector analysis, now into its 7th edition, reflects the impact of recent economic and social events and the outlook of Precast Concrete & Admixtures Market in Romania

The report provides a clear and comprehensive picture of the market, influence factors and future prospects, market potential, trends, competitive environment analysis.

The report provide clear answers of key questions:

- | | | |
|--|---|---|
| <h2>How
Which
What
How much</h2> | → | evolved the precast concrete market, breakdown by segment |
| | → | evolved the admixtures for precast concrete market |
| | → | are the influence factors and the analysis of them |
| | → | are the main players and competitive environment analysis (including market share by segment) |
| | → | potential to growth has precast concrete market in Romania, by segment |
| | → | projects will sustain the precast concrete market during 2014 – 2020 |
| | → | will rise the market of precast concrete until 2020 and why |
| | → | is the market of paints in EU and positioning of Romania |

Terms & Conditions

- | | |
|-----------------------------------|---|
| → Price of the report: | please send a request to office@interbizgroup.ro |
| → Language: | Romanian and/or English |
| → Information structure: | text, table, charts |
| → Pages: | 58 |
| → Format: | Adobe Acrobat |
| → How to order the report: | by eMail to office@interbizgroup.ro |
| → Delivery term: | 1 working day, after the payment / in the same day, if required |
| → Continuity: | continous updating |

Methodologies used to achieve the analysis

- ➔ data collection / desk research: public institutions (national statistics, agencies, ministries, authorities), companies involved in the sector, mass media
- ➔ data processing / biz intelligence: the inputs are placed in a matrix and correlations are made. The forecast are based on isoquantic theories.

Table of Content “Precast Concrete & Admixtures Market, Romania, 2009 - 2020” – Sept 2014

1. Summary

2. General data

- 2.1. Segmentation. Specifications
- 2.2. Infrastructure and utilities in Romania, by type, 2009 - 2013
- 2.3. Construction market, breakdown by segment, 2009 - 2013
- 2.4. Building materials market, value, 2009 - 2013
- 2.5. Precast concrete market, by type, value, 2009 - 2013. Comments.

3. Precast concrete market, 2009 - 2013

- 3.1. Characteristics and trends
- 3.2. Precast concrete market, by type, volume and value, 2009 - 2013
 - Building structures
 - Infrastructure elements
 - Sewer systems
 - OL concrete poles
 - Concrete railway sleepers
 - Pavement systems (flagstones)
 - Concrete roofing tiles
 - Others
- 3.3. Precast concrete consumption, by range of product in 2011-2013
 - Pavement systems, by type | 2013 (flagstones, borders, drainage)
 - Building structures/halls, by type | 2011-2013 (sleeves, columns, beams, slabs/panels, hollow core slabs)
 - Infrastructure elements, by type | 2011-2013 (bridge beams, bridge wings, bridge elements, road barriers, others)
 - Sewer systems, by type | 2011-2013 (concrete pipes, manholes)
- 3.4. Competitive environment
 - 3.4.1. Main indicators of competitive environment.
 - 3.4.2. Capacities and position of main producers
 - 3.4.3. Top 10 specialized players, by turnover, 2009 – 2013. Performances.
Analysis of non-specialized players
 - 3.4.4. Market share, volume, 2009 – 2013
Market share of main players, by range of products:
 - Building structures
 - Infrastructure elements
 - Sewer systems
 - OL concrete poles
 - Concrete railway sleepers
 - Pavement systems (flagstones)
 - Concrete roofing tiles
 - 3.4.5. Presentation of main players and strategies
 - 3.4.6. Top 3 strengths and weaknesses of top 10 players
 - 3.4.7. Main problems faced by suppliers of precast concrete

4. Precast concrete admixtures market, 2009- 2013

- 4.1. Precast concrete admixtures market, volume and value, 2009 – 2013
- 4.2. Market share of admixtures suppliers, volume, 2009 – 2013

5. Influences and trends

- 5.1. Influence factors
- 5.2. Trends in use of precast concrete. Key drivers.
- 5.3. EU funds with impact on precast concrete market evolution, 2014 - 2020
- 5.4. Trends in competitive environment

6. Analysis of market growth potential

- 6.1. Big infrastructure projects
- 6.2. Projects to modernize the national roads and by-passes
- 6.3. Rehabilitation of bridges
- 6.4. Metropolitan zones development
- 6.5. Big retail chains development
- 6.6. Shopping centers development (malls)
- 6.7. Industrial parks and logistic centers development
- 6.8. Utilities
- 6.9. Electricity distribution networks
- 6.10. Urban rehabilitation
- 6.11. Positioning of Romania comparing to other countries

7. Forecast of precast concrete market, 2014 - 2020

- 7.1. Influence factors
- 7.2. Trends on precast concrete
- 7.3. Forecast of precast concrete market, by type (see above), volume and value, 2014 - 2020
- 7.4. Market maturity point analysis and when it could be reached?

8. Forecast of precast concrete admixtures market, 2014 - 2020

- 8.1. Trends
- 8.2. Forecast of precast concrete admixtures market, volume and value, 2014 – 2020

9. Strategic analysis of the market (according to Porter model)

10 Conclusions
